Combine video & audio systems into a single proactive security solution.

Use the CHeKT outdoor speaker to provide up to 113 decibel crystal clear announcements. This speaker connects to your network with a single LAN cable for POE and network communications — allowing you to combine video and audio systems into a single proactive security solution. Once configured with CHeKT, you can remotely communicate with locations, respond immediately to emergency situations with live announcements or schedule prerecorded messages. Utilizing automated rules, prerecorded messages can be prioritized to broadcast right away.
